1. We approved the minutes from 09/11/06.
2. We discussed shortly the proposal of Jule Gomez de Garcia to formalize the UCC template for the review of program proposals and to distribute the template to the College Curriculum Committees. We decided to discuss this question further in the next meeting.
3. We reviewed the answers of Scott Greenwood to the UCC questions from September 11. After a short discussion UCC approved the requested change of the Minor in Global Studies and the two new courses GBST100 and GBST300. The changes in the P2-form were approved pending the clarification about the two courses BRS306 and BRS395 (David Barsky will contact Scott Greenwood).
4. We started to discuss the P-form for the Major in Anthropology; the committee had several questions which will be send to Bonnie Bade (email to Bonnie Bade).
5. David Barsky offered to ask the Department of Literature and Writing and the Department of Chemistry for their signatures for the P-form for the Major in Anthropology (CHEM312 and LTWR310 are used).
