1. We approved the minutes from 09/18/06.
2. UCC approved the requested additional courses (BRS300, BRS330) for the Minor in Global Studies.
3. David Barsky gave us some information about the courses SPAN101, SPAN201 and LTWR503C. The two Spanish courses will be reviewed by the Department first before UCC will discuss these courses again. David Barsky contacted the Department of Literature and Writing and the Chemistry Department to get their signatures for the Anthropology Major. Both department chairs agreed to sign the P-form for the Anthropology Major.
4. We discussed the question if a UCC member should be the designee of the EC in the ABC. We decided to ask EC first if it is in their interest that a UCC member represents EC in the ABC.
5. We decided that we start to review the MSW once the remaining courses from Spring 06 are reviewed.
6. We discussed the proposed course LTWR503C and approved the course. A note will be sent to Lance Newman.
7. We continued to review the P-form for the Anthropology Major and the new courses for this Major (email will be sent to Bonnie Bade).
8. We started to discuss the answers from the Anthropology Department to our email from last Monday (09/18/06).
