

Present:

UCC Voting: Annette Daoud, Jule Gomez de Garcia, Gabriela Sonntag, Kara Witzke, Olaf Hansen

Ex officio: David Barsky, Virginia Mann

Excused: Robert Aboolian

1. We approved the minutes from our November 6. meeting.
2. We discussed the answers to our questions about the courses HIST340, DNCE201, DNCE301, DNCE390. All C2/C-Forms were approved by the UCC.
3. David Barsky collected suggestions for the proposed new P-Form from the chancellor’s office.
4. Suzanne Moineau visited the UCC and we discussed questions about the proposed new Option in Education.
 - Dr. Moineau explained the used numbering system for the courses. Her numbering system is based on the content of the courses and she explained that students are used to a content based numbering system rather than a number system for the courses which is based on the sequencing. The UCC members agreed that this reason together with the cohort system makes a renumbering of the courses unnecessary.
 - Dr Moineau agreed to change the prerequisite lists in her proposed courses to avoid the listing of courses which are implicit prerequisites. A table with a list of all prerequisites for the courses (including the implicit ones) will be added to the P-Form to facilitate the accreditation by ASHA/CCTC.
The UCC recommended that Dr. Moineau prepares a table for advising purposes which will show the prerequisites and the sequencing of the courses. This table will be posted on a website.
 - Dr. Moineau agreed that the title ‘Supervised Clinical Experience’ is a better title for the 640 level courses (EDSL641,642,644,645). After some discussion we came to the conclusion that the following titles for the 640 level courses might be suitable:

Old	New
EDSL641: Clinical Practice in SLP I (<i>second semester</i>)	EDSL641: Supervised Clinical Experience: Children
EDSL642: Clinical Practice in SLP II	EDSL642A: Supervised Clinical Experience: Children/Adults (<i>4 units</i>)
EDSL641: Clinical Practice in SLP I (<i>fourth semester</i>)	EDSL642B: Supervised Clinical Experience: Children/Adults (<i>2 units</i>)
EDSL644: Clinical Externship I	EDSL642A: Supervised Clinical Experience: Children/Adults (<i>4 units</i>)

EDSL645: Clinical Externship II: Student Teaching	EDSL645: Supervised Clinical Experience: Student Teaching
--	--

Dr. Moineau will consider the last proposal and will send her answers to the UCC.

Olaf Hansen
