

Present:

**UCC Voting:** Annette Daoud, Jule Gomez de Garcia, Kara Witzke, Olaf Hansen

**Excused:** Robert Aboolian, Gabriela Sonntag

**Ex officio:** David Barsky, Virginia Mann

1. We approved the minutes from April 23.
2. Annette presented the changes to the Certificate of Advanced Study of Science Teaching, the UCC approved the new certificate.
3. We discussed the answers to the questions we had last week about SOC680 and CS572. Both proposals were approved by the UCC.
4. We discussed the proposed changes to the Theatre Arts Option. After some discussion we came to the conclusion that it might be a better option to propose first a number of lower division TA courses for the purpose of articulation and then change the Theatre Arts Option. An email will be sent to the originator.
5. We discussed the proposal for CIS300. There were several questions which UCC had about the proposal. Beside the fact that the course HTM304 seems to be very closely related, UCC had the concern, that the CIS Option has already 120 units and students can not be required to take the course. An email will be sent to the originator.
6. The following courses/changes have been approved by the UCC: COMM451 (the SL office will be informed from David Barsky's office about this course), HIST387, MATH242, MATH270, PSCI462, SOC403.
7. Questions about the courses CS485, MATH 340 will be sent to the originators.
